Experience

FrontEnd Developer

01/02/2021 - 01/05/2021

Aconpy

CABA

I worked for the Aconpy company, it was my first job as a developer. In it I worked as a Front End developer in the "Paiddly" project, which is a virtual bank. My tasks consisted of designing the web application from the operating side to the styles of it.

FrontEnd Developer

1/05/2021 - Present

Navent

LATAM

I am currently working as a Front End developer in the Navent group. The work consists of supporting all the Real Estate websites of the Navent group (Zonaprop, Imovelweb, Wimoveis, Inmuebles24, Adondevivir, Plusvalia, Conlallave). Either with implementation of new functions or correction of errors of those already implemented.

Education

Henry(800hs)

Full Stack Web Developer

I studied at Henry's intensive bootcamp (soyhenry.com), where I learned many development technologies and teamwork. I carried out two large projects, one is an e-commerce for the sale of videogames which was rated with a 10. And also a mobile application about Quizzes which was also rated with a 10.

Tecnico mecanico de motocicletas

Max Motos

Engineering

I am a motorcycle mechanical technician from the Max Motos academy, with an official degree from the National Technological University (UTN) Argentina.
